Report of the Expert Group for the Project "Integrated Housing Complex at Bolsalgre under Bandoraja A'King, South West Garo Hills"

The expert group on Social Impact Assessment by MIG, Shillong on "Integrated Housing Complex at Bolsalgre under Bandoraja A'King, South West Garo Hills" held its meeting with all the members in the conference Room of the circuit house, Ampati on 5th April, 2018 to evaluate the final report submitted by MIG, Shillong.

The Expert Group accepted the Social Impact Assessment Report prepared by the MIG as the benefits of the proposed project namely "Integrated Housing Complex at Bolsalgre under Bandoraja A'King, South West Garo Hills" far outweighs than the costs involved.

After deliberate discussion, the expert group is confident that the above mentioned project will result (i) no affect on any structure (ii) proper management of cultural site (iii) employment opportunities for the directly affected PAFs and local residents during construction phase for their livelihood (iv) planting of new trees (v) constructions of water pipe lines for supply of water (vi) Electricity supply (vii) health services facilities etc.

On the negative side it will result into (i) loss of trees and fruit crops (ii) loss of land (iii) loss of agricultural lands of the project affected families (iv) Damage of adjacent agricultural fields due to siltation during construction phase (v) loss of livelihoods.

The existing road is very narrow and kutchia and passes through the market making travel and waiting conditions very difficult. The proposed by-pass road would result in better travel conditions and will also ease free movement as well as an easy access to the market. This will also result in improving the agricultural productivity of the adjacent areas for better marketing facilities.

The expert group has suggested the followings after gone through the report:

1. Before construction, PHE water pipelines and deep well may be laid by the concern department to the adjoining areas.
2. Electricity supply may be provided before construction to the adjoining areas.
3. Proper disposal of waste materials after construction must be done by the concern authority to reduce pollution.
4. Boundary wall may be constructed before construction so that adjacent agricultural land used due to construction will not be affected.
5. Proper demarcation of constructed areas should be done which will benefit both the sides.
6. In the Table 3 (Land Assessment of 25 individuals (1st list of land owner and occupants) of the report (Page no 18-19) the agricultural products from land and income generated from land pa against Smt. Jenilla A Sangma, Shri. Dalting A Sangma, Smt. Tresallina D. sangma and Smt. Promodini M. Marak has not been mentioned. It is therefore, suggested to mention the missing figures against them like other occupants.
7. Road-side plantation and economically beneficial plantation should be done to prevent the loss of environment and loss of livelihood.

(Chairman)
09/04/18

8. Compensation should be made to all the occupants and projects affected families.

Apart from these, the Government must ensure to the water, sanitation issues and environmental issues. Government also should ensure proper measures to prevent soil erosion and take necessary and appropriate measures to maintain and enhance soil and water control measures.

The meeting ended with vote of thanks from the chair.

The following members attended the meeting.

1. Dr. D. C. Kalita (Chairman)
2. A.G. Momin
3. Janardan Koch
4. Saikat Sinha
5. C. Ch M arak
6. B.B. sangma
7. Minch L.G. Momin
8. Reman ChM arak

**GOVERNMENT OF MEGHALAYA
REVENUE & DISASTER MANAGEMENT DEPARTMENT**

No.RDA.40/2014/85

Dated Shillong, the 14th May, 2018.

RECOMMENDATION

Under section 8(2) of the Right to Fair Compensation and Transparency in Land Acquisition Rehabilitation & Resettlement Act, 2013.

In exercise of the powers conferred by Sub Section (2) of Section 8 of the Right to Fair Compensation and Transparency in Land Acquisition Rehabilitation and Resettlement Act, 2013 (Act 30 of 2013) the Government of Meghalaya in Revenue & Disaster Management Department hereby recommend for acquisition of land measuring an area of 362276.24 sq.ms. for the purpose of construction of Integrated Housing Complex at Bolsalgre under Bandoraja Akhingland South West Garo Hills, Ampati after due consideration of all the Reports viz. Expert Group Report and Report of the Collector on the Social Impact Assessment Study.

This has the approval of the Competent Authority.

(Shri. B. Hajong, MCS)
Joint Secretary to the Govt. of Meghalaya
Revenue & Disaster Management Department.
